

## REAL HOMES CPanel, Webmail Access & Device Configuration

---

The following email accounts have been re-created on the new REALHOMESFURNITURE.COM Server.

- **sales@realhomesfurniture.com** - Temporary password: **R3ALh-m35**
- **contact@realhomesfurniture.com** - Temporary password: **R3ALh-m35**

**Please advise the respective account owners to change their email passwords and include symbols, numbers and caps to minimise hacking attempts.**

**Also, hackers (Malware) can bypass basic antivirus security and locate saved passwords on your PC, therefore, please never save your password to your PC especially if you're not sure your paid Antivirus covers Malware threats.**

### A) How to Manage Existing/Create New Email Accounts

---

Log into your Control Panel: <https://realhomesfurniture.com/cpanel>

Username: **realmixw**

Password: **gTOKyj1hGmY8**

In the **EMAIL** Section, click on "Email Accounts" (Here, you can manage all your email accounts)

### B) How to Check your WebMail

---

Visit <https://realhomesfurniture.com/webmail>

Username: (your full email address - e.g. **contact@realhomesfurniture.com** )

Password: (Your corresponding password)

*At this point, you will find Email Service options, we suggest you choose RoundCube. You'll love it.*

*Now, you can sign in to check mails or compose/send mails from your webmail server.*

## C) Required details to Set Up Email on Outlook and Devices

---

Choose POP3 (recommended) or IMAP
